

# PROCOREliteA1®

PROCORE LiteA1® is a superior, DtS\* non-combustible signage panel with a unique profiled aluminium core and a durable coating, making it an exceptional choice for signage, formwork and display applications.

PROCORE LiteA1® is deemed to satisfy non-combustible when tested to AS 1530.1 and AS 1530.3 in accordance with the BCA/NCC requirements.

Developed and manufactured by PROBOND Aluminium Cladding Panels, PROCORE LiteA1® is similar to traditional aluminium composite panel, however the advanced technology of the core is constructed from a complete aluminium structure rather than from a combustible material, meaning that it contains ZERO polyethylene.
