Available in a wide range of colours and finishes, PROBOND Ultra® is dual-sided sheet delivering superior performance when fabricated, folded and formed.

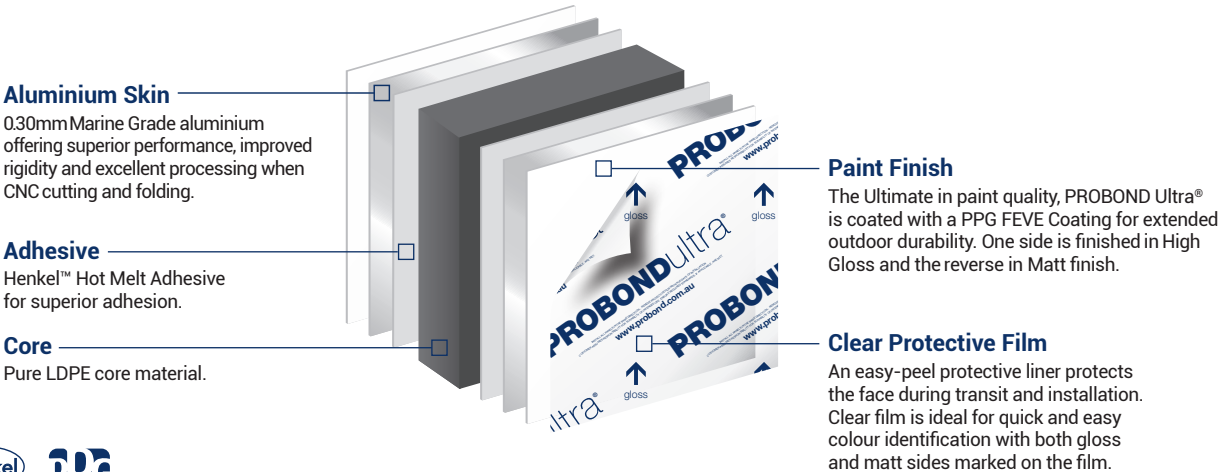

PROBOND Ultra® is the ultimate aluminium composite panel for corporate branding and is suitable for high quality long-lasting signage applications.

This unique panel has a PPG FEVE Coating for extended outdoor durability designed to withstand the harsh Australian UV conditions.

The extensive colour range ensures that a panel is available for every corporate branding colour requirement, and it can be colour matched to almost any colour.

PROBOND Ultra® is the first choice for high quality long-term use.

With superior quality 0.30mm Marine Grade aluminium it is the perfect panel for 90 degree folding and other formwork.

PROBONDultra®
